## QUARTERLY REPORT & APPENDIX 5B

for the Quarter Ending 30 June 2021

Date: 20 July, 2021

## JUNE 2021 QUARTERLY ACTIVITIES REPORT

---

### SUMMARY OF KEY EVENTS FOR THE QUARTER

- Despite previous mutually agreed drawdown dates, IPB did not receive initial remittances from Quay during the Quarter.
- IPB continues to work with Quay to finalise mutually agreeable payments schedule for the proposed Idris well, which were to be mostly remitted under the previous schedule during the Quarter.
- Quay has provided a new updated schedule where all of the future Joint Venture's Tranche A Farmout funds of net US \$25m are to be received during August and September 2021.
- Studies and commercial activities associated with Idris continued at the commencement of the Quarter but have now slowed until further funding is received under the farmout and funding agreement.
- IPB through NERA continued to progress future seismic environmental plan activities

### PERMIT WA-424-P (IPB 100%)

#### Farmout and Funding Activities and Idris Appraisal Well

As at the date of this report IPB has not received early remittances from Quay despite issuing a first drawdown notice in June. The Company expects to receive first remittance from Quay during first week of August 2021.

IPB as Operator has been advised and agreed with Quay that it will receive most of its funding for Tranche A of the farm-in during the month of August 2021 instead of by end June 2021 as previously advised. Causes for delays have been advised as administrative in nature.

As Operator of the WA-424-P Joint Venture, IPB aims to award certain key contracts once substantive funding is received from Quay. Under current scheduling, IPB is now aiming to be ready to drill Idris by end of 2<sup>nd</sup> Quarter 2022.

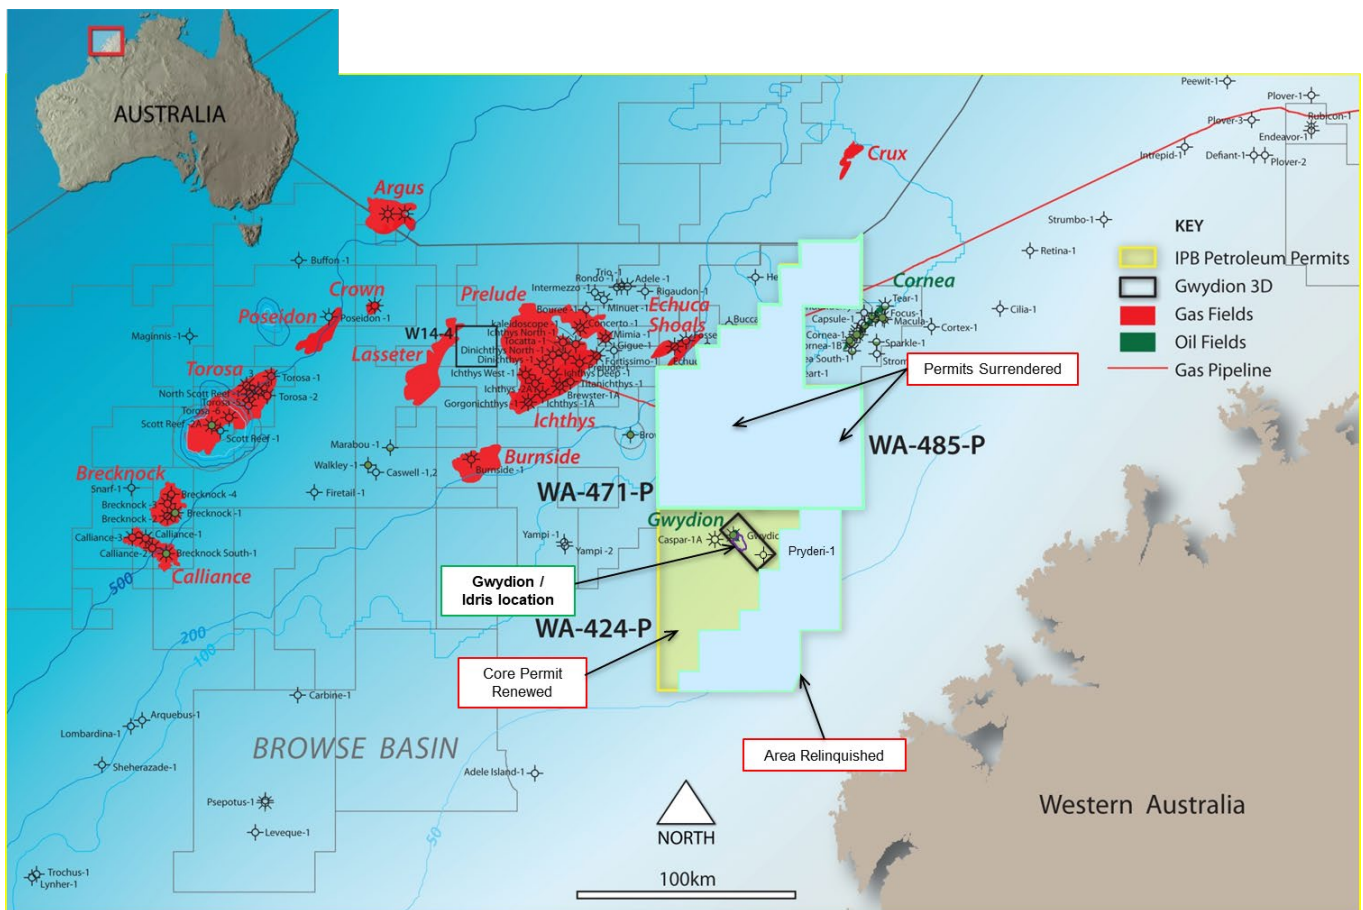

#### Activities – Corporate and Financial

As at the end of the Quarter, IPB Petroleum had a cash balance of approximately \$0.200 million.

For further details refer to the attached Appendix 5B.

## PERMIT HOLDINGS AND INTERESTS

As at the end of the Quarter, and also as at the date of this report, the Company held an interest in the Browse Basin exploration permit **WA-424-P** (IPB 100% and Operator). Under the Farmout and Funding Agreement with Quay, IPB expects to apply to transfer a 50% working interest in Permit WA-424-P to Quay during the current September quarter.

8.8 If Item 8.7 is less than 2 quarters, please provide answers to the following questions:

1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: Cash flows are expected to be similar

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: The Company has signed a farmout and funding agreement that to-date receipt of funds has been later than expected. Once received these funds should be able to meet all budgeted costs. If these funds are delayed or not forthcoming the Company will need to look at alternative funding initiatives to continue its planned activities.

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: The Company has completed most of its preparatory work for the planned Idris well and expects to spend less cash outflows until funding is received from a farmout or other means should this not eventuate.
