

QUARTERLY REPORT & APPENDIX 5B

for the Quarter Ending 30 September 2024

Date: 31 October 2024

SEPTEMBER 2024 QUARTERLY ACTIVITIES REPORT

SUMMARY OF KEY ACTIVITIES FOR THE QUARTER

- IPB Petroleum Limited (ASX: IPB) (IPB or the Company) continued to focus on its key asset, Exploration Permit WA-424-P located in the Browse Basin, offshore Western Australia.
- The Company remains committed to exploring funding opportunities to progress the development of the Permit, with efforts aimed at securing partners or alternative financing options to support drilling of the Idris exploration well and potentially development drilling of the Gwydion discovery.
- IPB lodged its Annual Titles Assessment Report (ATAR) and June quarterly funding update with the National Offshore Petroleum Titles Administrator (NOPTA) and the Company continues active discussions with NOPTA in respect of the necessary regulatory approvals to advance the exploration program in WA-424-P.
- IPB completed and submitted its Annual Report for the financial year ending 30 June 2024 and the Company looks forward to engaging with shareholders at its Annual General Meeting to be held at the Company's offices at 1202 Hay Street, West Perth WA 6005 at 9.00am AWST on Wednesday 27 November 2024.
- IPB continued to actively assess a range of additional oil and gas opportunities, focusing on projects that align with its strategic objectives of expanding its asset base and leveraging existing expertise in both offshore and onshore oil and gas exploration.

EXPLORATION PERMIT WA-424-P (IPB 100%)

The Company is continuing discussions with interested parties in efforts to secure funding for the potential drilling of the Idris exploration well.

Included in these discussions are the possible development of the Gwydion discovery using the low cost Pivotree technology for stranded and marginal offshore oilfields, pursuant to the memorandum of understanding signed between IPB and Pivotree earlier this year (see announcement made 16 January 2024).

In a success case, an oil discovery at Idris could be combined with the Gwydion discovery to significantly increase the commerciality of the project.

Accordingly, IPB has continued discussions with Titan Drilling in respect of using the TS Jasper jackup rig for these potential drilling activities in WA-424-P, following the non-binding Letter of Intent signed between the parties in the June 2024 quarter.

OTHER ACTIVITIES

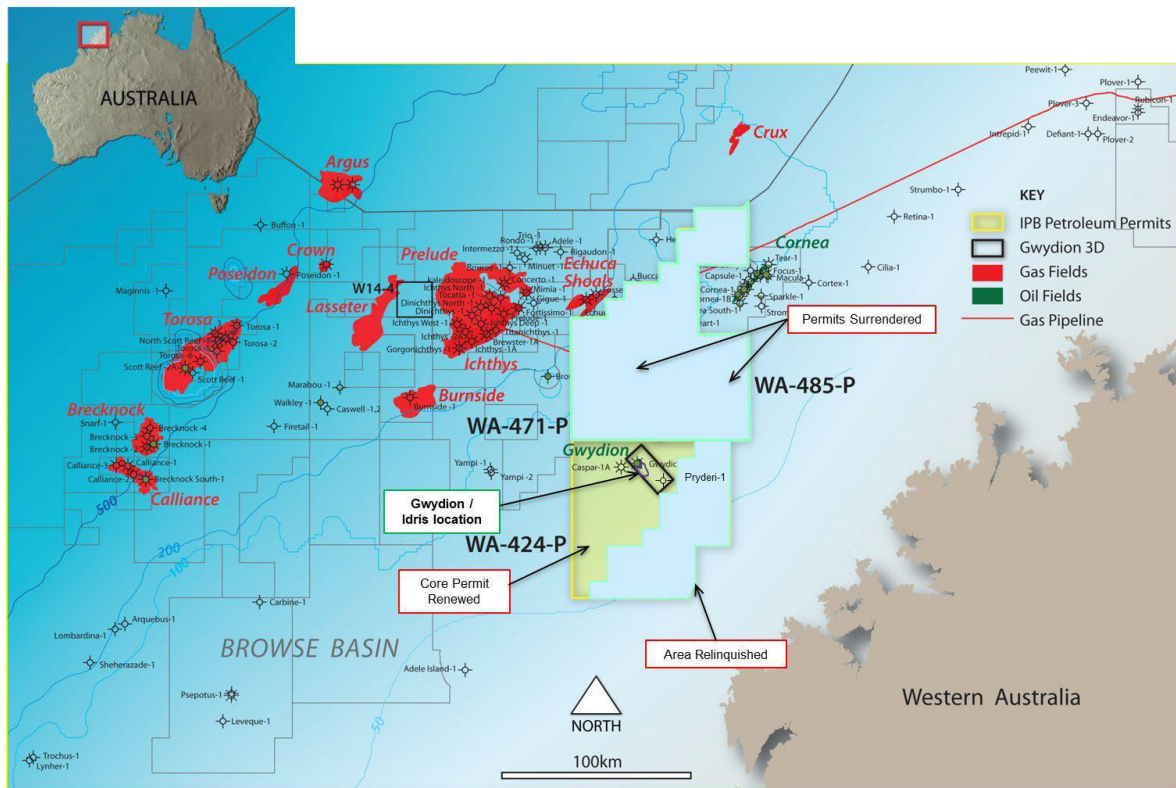

IPB continued to review additional potentially high-impact oil and gas assets and business opportunities during the quarter, both in Australia and overseas.

ACTIVITIES – CORPORATE AND FINANCIAL

As at the end of the Quarter, IPB had a cash balance of approximately \$1,593,000 and no debt. For further details refer to the attached Appendix 5B.

PERMIT HOLDINGS AND INTERESTS

As at the end of the Quarter, and also as at the date of this report, the Company held a 100% interest in the Exploration Permit WA-424-P in the Browse Basin (IPB 100% and Operator).
